

Environmental Policy

njo Technology Ltd. will ensure that every aspect of our activities is conducted in accordance with good environmental practices and sustainability.

We will achieve this by:

- Minimising the consumption of natural resources and energy, whilst consuming material goods in moderation;
- Reducing the creation of waste by the adoption of improved operating practices;
- Ensuring all waste is disposed of in a safe and responsible manner;
- By actively promoting recycling both internally and externally (amongst our customer and suppliers);
- Investing in the development of new products and processes that have an improved performance regarding their impact on the environment ;
- Complying with environmental legislation.

The essence of sustainability means that we consider others and tomorrow as well as ourselves and today. Our **Green Team** is the focal point of our environmental initiatives and their collective task is to ensure that we continually improve the environmental impact of our activities.

By this policy njo Technology Ltd. recognises its responsibility towards protection of the environment, and issues this statement as a commitment of both management and employees to minimising the environmental impact of its operations.

Mr. M. Rawlinson
